

23 January 2024

Dear Dr.Priyanga Talagala

Letter of Appreciation – MERCon 2023 Conference

Thank you for your outstanding service as a reviewer for the Engineering Mathematics and Statistics Track in the 9th Moratuwa Engineering Research Conference (MERCon 2023). Your support enabled us to develop an exceptional conference programme.

With over 300 manuscript submissions this year, your timely reviews were necessary to guide the selection of superior work to be presented at the conference. We were able to resume physical mode of MERCon after three years with your timely support. We were able to witness an exciting and stimulating international conference during 9-11th November 2023 at the University of Moratuwa.

Thank you for your contribution and participation in MERCon 2023! We look forward to your continued support in upcoming conferences as well.

Yours sincerely,

Dr. Sulochana Sooriyaarachchi
Programme Chair – MERCon 2023
Director, Engineering Research Unit,
University of Moratuwa, Sri Lanka.
